

My Brother,

As our officers masonic year comes to an end and officers for next year are preparing for their new chairs I want to stress the importance of your coming out to the lodge meetings to watch them as they open and will this month close the lodge in their advanced stations. Make it know to them any ideas or your wishes for any project, trips, means of earning money for the lodge expenses and for furthering our charity donations and projects for helping the people in our community that much need our assistance. I am very proud of the job your new officers are now doing in their advances work and am sure you also will find them very well prepared to serve you lodge in the ensuing masonic year. I know this will be the last msg many of you will read from me as many are at winter homes and vacationing and will not get an opportunity to read this msg before the election and installing of your new officers. For these people I want to thank you for giving me the chance to be your master and hopefully continue its work in a favorable manor. It has been hard for me at times due to my medical condition becoming much harder to deal with but I have done my best to serve you as master within the confines of my health and hope we have improved the lodge in as many ways as it was possible to do so. In the next year I will continue to help the lodge and assist in filling in for any chairs that I am able to at any given time due to health. I do hope that the insulin I am now on will help me to regain strength so that I may again be able to travel widely and help the fraternity in any way I can. I want to thank all those that have supported and helped in this year and they have been many. I will not name them in fear of forgetting any who have helped, but know that their efforts have been much appreciated and welcomed and I could not have done it without them. You all know who you are and if I have forgotten to thank you before I am thanking you now for all that you have done to help me and your lodge.

With fraternal thanks and regards,

**James L. Sheats**
