A Freemason's Secrets

"There are philosophic secrets concealed within the Masonic system. They are to be distinguished from the merely formal secrets imparted ceremonially.

By these secrets is not meant information that can be imparted or withheld at will, but truths inherent in the system itself; truths needing to be extracted from it, like poetry or music from the printed page, by personal effort, and which can be recognized as truths only by the responsiveness of the soul after deeply meditating and assimilating them.

Hence we are taught them by means of signs, tokens and perfect points of entrance, meaning appropriate faculties of perception and understanding. Inward truths and mysteries are inevitably and automatically secret from those who lack the faculty to perceive them." - W.L. Wilmshurst

We would like to extend an invitation to all our Brethren to attend lodge. It doesn't matter if you have not been there for a long time or if you're not sure if you remember all the signs.

The officers and sideline brothers will help you and make you feel right at home.

Remember that feeling the night you joined, how wonderful it felt to be among your brothers enjoying their company, come to lodge and rejuvenate that feeling, it is still there in the lodge if you participate.

If you don't drive at night or in bad weather just send an email to the lodge westernreserve507@gmail.com and we'll get you in touch with a brother who would be more than happy to pick you up and return you back home.

If you have any information you would like to see on the newsletter or our website as well as any corrections, please let me know.

Fraternally,

Brother Thomas Glassburner
