Grand Tall Cedar's Message

Cedars and Cedarettes,

I hope you all had a wonderful Holiday Season. We have yet another great year planned out. First the Mid-Winter Conference in Ocean City, it will be fun and I hope informative for those attending.

Congratulations to all the new Cedar and Cedarette Officers of our Forest. On February 20, we're going to hold an open joint meeting between the Cedars and the Cedarettes there will be a lot to talk about. One thing is changing our starting time for our meetings. This will be followed by our Memorial Service. This year it will be not only for those lost in 2015. Since we just found out about the deaths of several previous, we will include them.

On April 3, we'll be revisiting Toby's Dinner Theatre to see Peter Pan. It is appropriate for all ages. See the flyer elsewhere in The Echo. We will start collecting the money as it is due by the February 20th meeting. Once purchased the money is non-refundable because we are getting the group rate on the tickets. Also on Sunday March 13th will be the Wreath Laying at the Tomb of Brother George Washington. For those who have not attended before it is a way to Tour on your own free of charge, after the Ceremony. If you wish to carpool, we should leave Montgomery Temple at noon.

At our March Forest meeting, it will be our St Patrick's Celebration with the usual traditional dinner. Remember, dinner reservations If you planning to eat before the Forest Meetings need to be made by contacting Woody 1 week before the meeting, so we have enough food. We will be preparing meals based on the number of reservations. Dinner is still \$8 per person.

This is the beginning of things to come in 2016. Cedarly,

Tom Marraffa, Grand Tall

PRESIDENT'S MESSAGE

Happy New Year Montgomery Cedarettes! I hope everyone had a wonderful holiday season and that 2016 brings you good health and happiness.

Another new year is beginning and I am looking forward for having some fun, folic and fellowship at the meetings. In December you should have received the Cedarettes calendar in the mail with our newsletter. There will be an executive board in January, but no regular meeting due to going to Mid Winter conference... February's meeting will be our Memorial Service meeting. *I would like to thank everyone who attended our installation and hope you enjoyed the evening. It was a very nice affair.*

I am looking forward to working with Tom this year and with the help of my fellow Cedarettes; hopefully can we have another successful year. Looking forward to seeing you at our meetings.

Best Regards,

Gerry Tynan, President of Montgomery Cedarettes

Scribes Corner

Well Happy New Year. I hope everyone has a safe and happy Holiday season.

As we start a new year, note there are changes coming. Please read The ECHO closely. For those who owe dues, please get them in to me as soon as possible so I can get your dues cards to you.

Note we are starting the 2016 MDA Camp Fund Drive as we did last year. Please note page 16 for more on this. Mail any Camp funds to me at my address shown on page 3 and you can always call or email with questions.

We will also be acting on a number of petitions at the February meeting. Come on out.

Please stay safe as we finish the Winter months and I hope to see you at meetings soon.

Mount Lebanon

Lebanon is a small country on the Mediterranean Sea. The mountain chain of Mount Lebanon runs through the center of the country, and it is here that Lebanon's botanical wealth and biodiversity is concentrated. The mountains rise from sea level to heights of 2,100 meters providing a variety of different habitats.

High forested slopes are dominated by Lebanese cedar, while lower areas are dominated by pine. Other species found in the mountains include Mediterranean cyprus, Cilician fir, juniper, Taurus maple, almond, hawthorn, oak, and Palestine pistachio.

Large carnivores living in Mount Lebanon include golden jackal, wolf, jungle cat, and red fox. Badger, porcupine, squirrel, wild boar, hedgehog, toad, snakes and lizards also live in the forests. The forests also provide important habitat for a large variety of birds, including migratory birds.

Mount Lebanon is a critical habitat for the Lebanese cedar in Lebanon. The species is not threatened at a global level, but remains only in small patches in Lebanon.

Mediterranean forests are extremely valuable to the people living near them. The forests provide food in the form of pine nuts and honey, as well as wood. In addition, the forests are a buffer against desertification and are important for freshwater supplies. The cedar forests are also a tourist attraction.

As in other parts of the Mediterranean, forests in Lebanon have suffered from millennia of degradation from human activities. Current threats include changing land use, urbanization, frequent fires, logging, overgrazing, and unregulated tourism. Hunting is a big threat to Lebanon's birds and large mammals.
