April 1989

Brethern:

The Third Degree has one of the principal landmarks of the craft, namely the final resurrection to come. One of its perfections and beauties, is that while its symbolic working tools are said to be all of the implements of Masonry indiscriminately, attention is directed to the trowel. In operative masonry, it spreads the cement that unites a building into one common mass, so all the Brethern in and by the teachings of Masonry, have become cemented together into one common band or society of Brothers among whom **no contention should ever exist**, save that emulation of who can work and best agree.

Sincerely and Fraternaly,

FLOYD G. TAYLOR
Worshipful Master
