FROM THE EAST:

Welcome back to a new Masonic year in the quarries! We're looking forward with great anticipation to all of the exciting events we have planned. It is the 150th consecutive year of Masonry in Massena, and we are in the planning stages of a gala celebration. We are hard at work behind the scenes putting together what we hope will be a fitting display of the pride we have in our Lodge history and our beautiful building. We have invited the New York State Grand Line, as well as the Grand Master of Canada, Province of Ontario. It will truly be an international event in February of next year.

Besides the usual business of the year, we have a guest speaker from the Masonic Medical Research Lab on September 28th, to give us more insight to the great work that goes on there, sponsored by our Brotherhood Fund contributions. We have an Entered Apprentice ready to be passed, and 2 petitions to vote on at our first communication. We have some new officers this year who are willing to serve in their stations and places, with an eye on future responsibility. We will be holding Saturday Pancake Breakfasts as fundraisers for our work. Our Safety ID crew has had a very busy year, and will continue to provide that important service to our community. Our communication has gone digital, with most of it being done by email, so please get yours added so you stay in the know, and we can hear from you as well!

Sincerely & Fraternaly

W.: John Schneider

Master, Massena Lodge 513
